**Comments**

There was a great turnout on a gloomy evening so a big thanks to all .

The Final Results on the Score make interesting reading , and cover a very broad range. Those who decided to just go for the Big 20 all came in over time so were heavily penalised , who chose not to be tempted by the "extremities" profited. Hopefully everyone enjoyed it, at least none of the flags went missing which was our main worry and the reason for a "Trad" event , as John Brammer aptly titled it !

Maybe the Retro touch will catch on. Big Thanks to Paul for all his help and his tactical skill in dodging various drunks and vagabonds when putting the flags out. Running a Tuesday evening event is definitely not a "one man job". Thanks also to the flag collectors .

Finally , the Yellow course saw another Robinson family duel with Amy coming out on top this time.
